FROM TECHNICAL TO TACTICAL

Explore our service offerings and team up with BSGNY to meet all your project requirements.

01.

TECHNICAL AND ENGINEERED DRAWINGS

BSGNY is adept at producing meticulous technical drawings and professional plans, catering to the distinct requirements of a wide range of projects.

02.

SITE SAFETY AUDITS AND CONSULTATION

BSGNY guides clients through the entire construction process, from preparing for site safety before commencement to advising and auditing until project completion.

03.

FILINGS AND EXPEDITING IN SITE SAFETY

BSGNY is proficient in guiding plans and design drawings through the approval process and providing assistance with various filings required by public agencies.

04.

VIOLATION REMEDIATION ASSISTANCE

BSGNY offers support in the event of violations or penalties issued at a job site, ensuring a swift resolution to keep the project progressing without delays.

05.

SAFETY TUTORIALS AND PRESENTATIONS

BSGNY has the expertise to create tailored presentations or tutorials for your job site workers or design firm, ensuring a comprehensive understanding of site safety protocols.

SITE SAFETY PLAN [HIGH-RISE / MAJOR BUILDINGS]:

Full spectrum Site Safety Plan services for Major Buildings, including drafting, DOB submissions, response to objections, and securing DOB approvals. Available for full or phased projects.

SITE SAFETY LOGISTICS PLANNING [LOW-RISE STRUCTURES]:

Specialized plans for Low-Rise Structures, with BSGNY certified as the safety designee.

FACADE WORK SAFETY PLANS:

Tailored safety strategies for major building's exterior work, facilitating plan submissions or professional certifications as required for obtaining DOB approval.

DOT COMPLIANCE AND COORDINATION:

Full-service offerings from drafting to DOT submissions, including detailed coordination for OCMC plans and Con-Edison Vault submissions.

FIRE SAFETY AND EGRESS PLANS:

FDNY compliant fire safety and egress strategies for all applicable buildings.

ENGINEERED SAFETY SOLUTIONS / TEMPORARY FURNISHINGS:

Expertly designed plans for Construction Fences, Sidewalk Sheds, Shanties, Scaffolds, and more, ensuring compliance from pre-filing to final DOB sign-off.

DEMOLITION STRATEGY AND MANAGEMENT / ENGINEERED PLANS:

Comprehensive demolition plans from drafting to DOB approval, covering full, partial, and interior demolitions with a focus on precision and compliance.

TENANT AND OCCUPANT PROTECTION PLANS:

Robust protection strategies with DOB submissions, ensuring tenant safety throughout the construction process.

MTA COORDINATION FOR CONSTRUCTION PROJECTS:

Specialized services for obtaining MTA approvals on construction impacting existing structures, with a focus on seamless integration and compliance.

SITE SAFETY WALKTHROUGHS:

Regularly scheduled site audits are conducted through the lens of a DOB inspector to ensure continual compliance and safety.

GENERAL SAFETY TRAINING AND WORKSHOPS:

Engaging presentations and workshops designed to foster best practices in risk management at active construction sites.

COMPREHENSIVE SAFETY HANDBOOKS:

Detailed guides outlining all safety regulations and best practices to empower teams on-site.

STOP WORK ORDER MANAGEMENT:

Assistance in addressing and remediating Stop Work Orders, including document preparation and site issue mitigation.

COVID SAFETY COMPLIANCE:

Up-to-date guidance and documentation to comply with NY State regulations and NYC DOB stipulations.

NON-TRADITIONAL SAFETY CONSULTATIONS:

Innovative solutions for protective measures, particularly for adjacent property systems.

PERMIT ACQUISITION AND MANAGEMENT:

Efficient handling of demolition permitting and associated documentation, including coordination of necessary inspections and cutoff services. Expediting and Filing for Technical Drawings.

SPECIAL CASE FILING AND COORDINATION:

Expert navigation of complex scenarios requiring unique approvals, including CCD-1 code variance submittals and special DOT coordination.

RECORDS AND COMPLIANCE SERVICES:

Access to archived DOB and MTA records is essential for compliance and historical reference. Includes all Public Agencies.
